Man Dies Under Train In Mishap Near Tunnel Six

Fourth Man in Family Killed in Tragic Accidents

The body of John Mills, 54, Southern Pacific signal gang lineman, killed near Norden Monday afternoon at 3 o'clock when he fell under a west-bound freight train on which the crew's living cars were attached, was shipped to Coleville, Utah, yesterday by the Truckee Colonial Mortuary for funeral services.

Mills' body was literally torn apart when he fell in some unaccountable manner and the upper part of his body was caught in a brake beam three cars ahead of the caboose and his hips lodged in a switch frog at Tunnel Six. A track walker discovered the lower part of the body after the train had passed and immediately called Norden. A search of the train revealed the gruesome tragedy.

Deputy Sheriff Fosten Wilson was called and started the investigation. Later Deputy Coroner N. F. Dolley arrived to assist.

Mills had worked for several years for the Southern Pacific, first on the Ogden division and later out of Sacramento. He was not married but leaves four sisters, Mrs. Della Winters, Mrs. Valetta Vernon and Mrs. Annabell Vernon all of Coleville, Utah, and Mrs. Emma Vigal of Butte, Montana. He was a native of Hoytsville, Utah, born December 11, 1897.

Two relatives, Lynn Vernon and Mont Winters of Utah who arrived to accompany the body home, said Mills was the fourth member of his family to meet violent death in the past few years. His brother, Claude, was killed four years ago when run over by a train at Coleville. Another brother, Lee, was killed in a Park City, Utah, mine disaster as was their father, John Mills Sr.

First Ski Victim Of Season Gets Treatment Here

Oregon Co-Ed May Wear Cast on Left Leg For Year

The first skiing casualty of the season occurred on Saturday afternoon when Miss Lucille Wright, 20, University of Oregon student and daughter of Mr. and Mrs. Walter Wright of Sacramento, fell while skiing on Mt. Lincoln and broke her left leg in three places below the knee.

She was carried to the highway by companions and the Truckee ambulance was called. Dr. L. D. Nelson, who treated Miss Wright, said the break was one of the worst he has seen from skiing and said she will be in a cast for probably a year.

The girl's father, an official with the Standard Oil Company, flew to Reno Saturday to be with his daughter.

PROSSER PROJECT START IS REMOTE BUREAU REPORTS

There is little likelihood of the proposed Prosser Creek dam project being started for many years, according to advice received here by Mrs. Maude Gaffield of the Flycasters' Club, who had made inquiries of Congressman Clair Engle.

In a letter from Jack Matteson, Engle's secretary at Washington, the information was as follows:

According to the Bureau of Reclamation the proposed Prosser Creek Dam is to be included in a planning report for the La-Hunter basin project. The dam would be located on the Truckee River somewhere below Boca and above Lake Tahoe. However, consideration for the dam is barely in the most preliminary stage.

There is no authorization for such a project. The over-all basin study will be completed within the next few weeks and will be presented to the House Committee on Public Lands for consideration.

Even if the project is authorized by Congress, the Bureau of Reclamation said it will be several years before any part of the work is started.

Travel Drops As Highway 40 Still Maintains Lead

Brockway Border Station Closed October 31st For Season

Travel into California through the state's border quarantine station just east of Truckee dropped approximately 10,000 automobiles during October as compared to the September figure but continued to hold second place next to Yermo, according to figures released by the state department of agriculture.

There were 25,274 automobiles, 2,084 commercial vehicles and 552 buses cleared through the station during October. During September, the report says, 35,534 autos were checked here.

These figures include only out of state cars or California cars which are returning to the state after trips east. The total of 76,347 passengers compares to the 104,941 recorded during September.

Stateline on Highway 50 checked 5,948 cars during last month with 172 commercial vehicles and 14 buses with a total of 12,328 passengers, the report indicates. The Brockway station had 315 cars, no trucks and no cars. The Brockway station closed for the season on October 31.

Yermo in southern California checked 31,338 cars, the only station in California to exceed Truckee on Highway 40.

THREE ARE BADLY HURT AS AUTOS CRASH AT NORDEN

Three people were critically injured in a headon automobile collision Tuesday morning at 10 o'clock in front of the Norden Store on Donner Summit.

Mrs. Jane Gilmore, 32, Kimberly, Nevada, driver of one of the cars suffered multiple lacerations and the flesh was ripped from her right leg.

Ansel Bryant, 54, Sacramento, also had multiple lacerations and a fracture of his left hip, and his wife, Lotta Bryant, 52, had a fracture of her left arm and possible internal injuries. All were taken to a Reno hospital by the Truckee ambulance following treatment by Dr. L. D. Nelson.

The accident occurred, State Patrolman Roy Stallard said, when the Gilmore car got into the wrong lane and hit the Bryant car headon, demolishing both vehicles. A steel snow stake beside the highway rammed through the Gilmore car door and up through the top, indicating the car was thrown some distance in the air.

One small dog in the Bryant car was killed and a second survived the crash without injury.

Mrs. Gilmore was en route to San Francisco to visit her daughter in a hospital there when the crash occurred.

Sun Beams

by Walter M. Barrett

The determination of a group of members of the Truckee Chamber of Commerce to sponsor a dog derby in Truckee this winter should come as good news to the entire district which will benefit from the program. As a pioneer in winter sports development, it is only fitting that Truckee should sponsor this outstanding event but it will not be done without a lot of work and planning. The few members who have agreed to shoulder the responsibilities for the show will need the full cooperation of every person in the area to make it the success it deserves to be and we can only urge you to offer this support individually and collectively so that Truckee can prove again we have what it takes to promote a worthwhile winter sports program.

As you probably know, the Truckee merchants are making unusually elaborate preparations for Christmas shoppers. They are buying and displaying the latest stocks of holiday merchandise at prices which will compare favorably with those found in any store regardless of size or location. They invite your patronage, not alone on the basis of trading at home to make Truckee a bigger and better town, but on a competitive basis of offering better buys. Do ALL your Christmas shopping at home this year.

SPECIAL SERVICE SCHEDULED HERE ON THANKSGIVING

An inspiring occasion on Thursday morning will be the Thanksgiving Day service held in Truckee November 24 at the Wyethia Club House at 11 a.m.

Departing from the custom of many churches in holding joint services on Thanksgiving Day, each Christian Science church holds its own service that day and the congregations are unusually large. The service differs in many ways from both the Sunday service and the Wednesday evening meeting.

A special Lesson-Sermon has been prepared for this service and will be read at the local church and at Christian Science churches throughout the country. The subject of the sermon will, of course, be "Thanksgiving," with the Golden Text taken from First Thessalonians: "In every thing give thanks: for this is the will of God in Christ Jesus concerning you" (5:18).

The public is cordially invited to attend.

Dog Derby Plans Top Chamber Meet Agenda

Bruce Kuehn Partner In Furniture Firm

Announcement was made this week that Bruce M. Kuehn, formerly associated in the operation of Lake Inn at Tahoe City and widely known throughout the district, has purchased an interest in Mattheus Furniture stores and will be a partner with Herbert Mattheus. Kuehn owns his home at Tahoe City and he and Mrs. Kuehn will reside there but will be associated with both the stores, one at Tahoe and the other at Truckee.

The partners are now engaged in stocking a Christmas line of merchandise and plan to continue the merchandising of modern, quality household needs at competitive prices.

Mattheus says that the Tahoe City store, which has been closed for the season, will reopen December 1 for the month of December to accomodate holiday season shoppers.

Sanitary District Will Take Over Garbage Jan. 1

Fees from Collections To Help Carry Costs Of Sewer Work

Fred Morris, secretary for the Truckee Sanitary District, this week announced that preparations are being made for the district to resume the garbage collection work after January 1. For the past year or more the work has been done by the Truckee Public Utility District.

In taking the collections back, Morris said, the sanitary district is faced with the problem of finance. Limited taxes have resulted in the district being without funds to carry on the sewage disposal program and installing new mains and maintenance and it is hoped the funds from garbage collections will provide this much needed revenue.

At the same time Morris announced that Paul Rausch, who has efficiently handled the garbage disposal for the past two years, has resigned effective January 1, to engage in work for himself. Applications to replace him have been received, Morris said.

Between now and January 1, the board of directors will establish a rate schedule to try and keep the rates as near the present figure as possible and at the same time provide sufficient revenue to carry on the required work of the district.

It has been proposed to have the district's office on the main street so that payments may be made without inconvenience to the customer.

The utility district took over the garbage collection as an urgency measure and agreed at the time to surrender it upon six months' notice to the sanitary district.

The stock and accounts were taken over by Bedell this week and the former owner, Arthur Sears, has returned to his home in Oakland after operating the store for the past few weeks.

The new manager has had 15 years experience in the meat market business and comes here highly recommended. Bedell was at one time previously owner of the local market and is well acquainted with conditions here. The store will continue to feature retail and wholesale meats and groceries, Mistretta said. Mel Throop will continue to be a clerk in the store.

Dog Races Are Scheduled Here On Feb. 10 - 12

Northern Dog Handlers Indicate Intentions To Enter

The Truckee Chamber of Commerce this winter will sponsor the annual Sierra Nevada Dog Derby and the dates for the event have been fixed for February 10, 11 and 12.

This was decided at the meeting held last Thursday during which committeemen to handle the affair were elected and tentative plans outlined. N. F. Dolley was chosen as chairman of the committee and will be assisted by the following:

Dog teams and track: Lloyd Van Sickle and Ed Crandall of Hill Top Lodge.

Program: George F. Kamp, laundry representative, and Robert Johnston, local jeweler. Other committees will be named as the need arises, Dolley said.

Crandall reports that a number of famous dog drivers have agreed to enter their teams in event the races are scheduled. These include racers from Canada and Alaska as well as from Montana, Idaho, Oregon, Washington and California. It is expected that the pace this season will again be set by Van Sickle and his world championship team of pure-bred Samoyedes owned by Mrs. A. E. Mason of Sacramento. Lloyd's equally famous brother, Bob, of Idaho is expected to again compete and a number of other famous drivers will be on hand for the main event.

The committee is attempting to make arrangements to eliminate the admission charge and will attempt to finance the show through an advertising program, concessions and through sponsors.

Regular sessions of the committee will be held, Dolley said, to work out details as they arise so that there will be no confusion in the last few days before the races.

LAW MEN PLAN GALA EVENING AT SUMMIT SPOT

Sheriff Richard W. Hoskins will be host tonight at a steak dinner at Donner Summit Lodge at which peace officers, justices of peace, judges, highway patrol officers and others associated in law enforcement in northern California will be guests at what is proposed to be an annual event for this area.

Improvements Noted At Ski Grounds In Tahoe Pines District

TAHOE CITY— Of interest to skiers who frequent the Lake Tahoe area is the development and improvement of Kjell Rustad's "Granlibakken" in Tahoe Pines. The well known instructor has made improvements on both the building facilities and the ski runs. Clearing more of the forest and changing the route of his tow rope, Rustad announces the length of the new tow will be 1200 feet as compared with last year's 650 feet. The two main runs and the practice jump will be served by this tow. A second and smaller tow is planned for the third or novice run. The practice jump, where many top-class jumpers got their first lessons as children or novices, has been widened and changed slightly to permit a jump of 70 feet or 15 feet over last year's.

To answer the needs of full-timers, a duplex lodge is nearing completion. Each of the two units has three double-decker bunks, cooking facilities and indoor plumbing.

For short-timers, a second building or general lodge will serve hot lunches and will warm skiers between runs.

A third building will serve as the residence of Rustad and his family.

For those not familiar with the site, Granlibakken is half a mile from Tahoe Pines in a setting of white and red fir, ponderosa and sugar pine.

Place turkey breast-side down on V-shaped rack in bright, low-sided pan. Do not cover. Basting is not necessary if you use cooking chart below. My Place

In the Sun

by DOUG BARRETT

Went up to the WSCS dinner and bazaar last Friday night..... and really got my money's worth .....Bob Simon has really been hiding his light under a bushel..... he's really a whiz on the piano keyboard.....Julia Crease happily washing dishes in the basement kitchen all by herself.....while the rest of the ladies were busy sewing upstairs. Saw Ann Scott shopping that afternoon so that the big tossed salad would be fresh that evening.....Missed Alberta Nelson's vocal solo.....had heard so many raves about her voice I really wanted to hear that but that's what comes of not being on time.....With Mrs. Don Rich's rich singing and song leading, the only talent present and not used was Lyla Loehr, who left her banjo at home..... Incidentally, the boys in the American Legion, whose hall was the scene of the affair, were mightily pleased in the way the ladies left the hall when they were through with it.....it was appreciated.

Lyla Loehr celebrated her birthday yesterday, Nov. 16..... Johnnie Richards was in the office telling us about a black tulip he hopes to bring up.....Johnnie is really an enthusiastic and expert amateur horticulturist..... The Truckee fire house looks more like a fire house in its new red coat.....The Catholic Church this week is getting a new paint job too.....Those speed limit signs are now up on the freeway..... Iris Sheets helps out at Tonini's Grocery off and on.....Father Patrick O'Neill, whose name and vocal inflection belie his claim to being Dutch, says he wants to learn a bit more about skiing..... A new Donner Theatre V-board sign in front of George's Cafe..... Frankie Titus and Vern Shattuck greeting one another with duck calls on the main stem.....Alex Robertson dragging on his briar while talking with Barney Phipps in front of the post office..... Augie Esola and Elmer Todd sitting in the Sierra Tavern lobby conversing and watching the passing parade.....

SCHOOL NEWS

THE TRUCKSTERS
—by Jimmy Lyon

The fifth and sixth grades of Mr. Kishbaugh's room are having a club called the Trucksters. The club is a good one. The following were elected officers in the club: Stanley Rasmussen, president; Judy Loynd, vice president; Clarita Richards, secretary; Eddie Bottel, treasurer; Frank Giovanoni, time keeper.

STUDY EARLY CALIFORNIA
—by Mary Ann Tonini

Mrs. Gage's 3rd and 4th grades are studying Spanish California. They have built Missions and have made adobe bricks and forms. The children have a number of things in their science exhibit. Some of them are rawhide, willow, redwood, thongs, limestone, straw and sand.

BUSY CHILDREN
—by Ruth Osburn

The first grade children in Mrs. Brown's room are having fun in the snow and in the school. All of the children in the room are busy making a snow man. The children are also busy reading and making houses out of cardboard. They are learning their numbers and they are learning about home and school. For Armistice Day, Mr. Welch gave the children a talk on the subject.

ARMISTICE DAY
—By Nancy Harper

Armistice Day was a great success in many ways. The children of the 7th and 8th grades gave an Armistice Day program which was organized very well. Those who took part in it were Ruth Osburn, Roberta Peden, Lois Gray, Nancy Harper, Marie Osburn, Joy Sowerwine, Irene Goicoa, Ace Phipps, Joan Ward, Jimmy Lyon and Mary Ann Tonini.

SCHOOL SAFETY PATROL
—By Alfred McGee

The boys and girls on the School Safety Patrol are Duane Knight, Marie Osburn, Ernest Towler Jr., Ruth Osburn, Alberta Cooper, Lois Gray, Mary Ann Tonini, Ginger Reynolds, Roberta Peden, Sharon Pace, Jimmy Purcell Jr. and Alfred McGee. The School Safety Patrol goes on duty at 8:30 to 9, 11:55 to 12:05, 1:55 to 2:10 and 3:25 to 3:35. The Safety Patrol changes every two weeks.

VISIT POST OFFICE
—By Marilyn Shafer

Mrs. Borneman took the second grade class down to the post office to see the mail before it went out. They saw how packages and letters are mailed. They got to see the letters being stamped. As they were watching, Mrs. Borneman and the post office clerks explained how it was done.

Summit Scene

SODA SPRINGS HOTEL—

Virg Jones drops his tractors, hammers, saws and monkey wrenches and makes a lunge for the Ski Shop door to open it for the first snow bunnies of the year. Continuing on with their redecoration program, the bar room floor takes on a glass-like appearance from its new coats of some kind of plastic varnish. And whilst we write, we hear that a party is going on in this edifice—half a goodwill party for the leave taking of Rita and Bill Vail and half a birthday party for Bill. From this establishment, see Lonnie Goss and Bill Vail rounding up the last of the horse string to ship them out of the three feet of snow that crowns the surrounding country.

SODA SPRINGS SKI CORP.—

Verified the report that the Soda Springs ski tows would run last weekend. For the first snow fall, think that the number that took their first run of the year is indicative of a fine winter to come. Milt and Helen Hogle of this outfit plan on moving from their beautiful little river home at Rainbow closer to their seat of operation in anticipation of a busy season. John D'Arcy rents himself a cabin and brings his mother, Mrs. Thelma D'Arcy, into the area to keep him company and cook his meals whilst he labors on the tows for the rest of the season. Clem Hayes, the engineer from Colorado whose crew has been putting up the double chair lift, tells us that the steel work on this gigantic structure is completed. All that remains to be done is the splicing and the hanging of the chairs. Clem brought his charming wife, Virginia, daughter Karen Sue and a four-months-old baby from Colorado to spend the remainder of the time it takes to finish the job. They live in Bill Rutherford's Annex. Don Wallace and Kay Jensen can be seen taking pictures of the project which they develop in their dark room at Donner Summit Lodge. Virg Misener takes Wanda, his wife, and son Rickey to Bakersfield for a short winter's vacation while he recuperates from his hard summer's work and gets a breathing spell before he tackles the winter ahead.

BEACON HILL LODGE—

Elmo Moriano finds himself ready for the winter with his crew also ready to go. Hear the coffee shop will be operated by Lee Sandahl. We see Mr. and Mrs. C. Graham, who acted in the capacity of managing caretakers of the Palisades this past summer, on the job at Beacon. A new bartender named Howard Folks from Grass Valley beams from behind the varnished plank.

Evelyn Engle, we hear, will take over the reservation desk. Charlie Roberts, who has been a fixture of the ski shop, is in the veterans hospital in San Francisco.

RAINBOW TAVERN—

Brant Chaplin tells us that he and Doris are vacation bound as of now with Rita and Bill Vail taking over management of this spot. Bill Pritchard from Sacramento takes over the Rainbow ski shop and Brant tells us that the old portable rope tow of Rainbow has been replaced by a brand new stationary rope tow. The Jay Bar tried out last weekend, is operating in fine shape. The Ski Hut has been taken over by a group from Stanford "U" for January and February.

DONNER SUMMIT LODGE—

There's a chap named Ross who plays the accordion at this gay spot. We meandered down the hill last Sunday evening to say hello to our friends and found the place crowded and Ross squeezing away on his instrument. Darned good and sounded just like the middle of ski season. Eve Donadio discussed what to wear at a Christening party for a new nephew in the bay area where she will journey shortly. Tony Donadio busily engages himself getting thh shelves ready in the ski shop for a forthcoming opening.

ICE LAKES—

Bill Rutherford says that the American Legion Armistice Day breakfast was a huge success with about 18 of the Summit Post attending. Henry (Snuffy) Piche tended bar while the group enjoyed a breakfast which included Philadelphia scrapple that Bill "imported" for this annual occasion.

KINGVALE PARK—

Had quite a chat with Jeannie Coleman. She tells us of new improvements made at the Kingvale Park motel this summer—new insulation, new cooking units, new paint jobs and the rest of the renovations that go with it. Jean has rented most of her larger units to ski clubs including a University of San Francisco group, College of Holy Names, the Santa Clara Group and others. What with chain control being at Kingvale for four days, Jean tells us that a 15 hour day was in order in the restaurant and she was darned glad that this present balmy weather enabled her to sleep in for a couple of mornings.

THE SKIING BUEKS—

We get a bang out of the skiing Bueks. Little Jeannie Buek, engaged to Billy Campbell, shops for furniture and fixin's for a new home. That charming little bungalow going up on the west end of Donner Lake is Jean's and Bill's. Jean works at Donner Lake Lodge where she can overlook the construction of her new home. Dick Buek, who spent the summer at Aspen, Colorado, and Sun Valley, put in a telephone call from one of those spots to his dad, Carl. Said whoever answed the phone at Donner Ski Ranch: "We're having a blizzard here and it will be impossible to call Carl Buek in from outside." Dick hung up, jumped in his car and came home as fast as he could. He hadn't skied this season yet and the weather report was more than he could stand so for the first time this year the "Summit's Hope" donned his skis and ran the Ski Ranch hill. Carl reports Dick looked fine on the boards, using more technique instead of so much speed. He also reports Dick will work at Sun Valley this winter so as to be on hand for the various competitive races there.

THIS AND THAT—

Bud Walton reports the tows running at Ski Ranch and a fine crowd for the opening of the season. Bud also says that he is going to sneak away for a little while and go pheasant hunting before he gets completely tied down for the winter.....Ernie Nordsrtum of Ski Hi says he will run his own ski shop this winter .....Nadine Neugebarger has the second Summit Sit come Wednesday evening. This group of Summit women get together to sew for an evening every other week, bring their hubbies' britches to patch, socks to mend and knitting to do.....Parley Merrill chews his nails while he awaits a telephone call from Sacramento to the effect that a new child is born. Ditto Edvi Aro.....At the Oscar Beach home last Sunday the activity was the 18th wedding anniversary of Oscar and Retha. Grandfather Grant Dowhower of Manteca journeyed up for the occasion as did Aunt and Uncle Duke Gamblin of Dutch Flat. Kenneth Foster and wife from Truckee were also on hand to celebrate while Sharkey ran the errands for the party.....Jack and Lydia Crampton returned tired from Salmon, Idaho, where they journeyed in the worst of the recent storm to visit her ailing mother. Lydia just got back in time to type several dozen cards to members of the Community Club which meets this Thursday; she's secretary. Lydia reports her mother as being somewhat better .....Bob Allen came sauntering in to tell us his mother, Mrs. Lenni Allen, was the honored guest at Porterville on Armistice Day when that town had its annual homecoming celebration. Mrs. Allen, the first white child born in Porterville, was accompanied by her daughter-in-law Mrs. Ruby Allen, our mountain Diana. Other members of the family attended the reunion.....And already we'd like to put up signs "We don't dump our garbage in your front yard. Please help us keep ours clean!"

Lake Tahoe Ski Club Begins Preparations For Meet in January

TAHOE CITY— The Lake Tahoe Ski Club met Friday at the community center with Oliver Corona, first vice president, presiding. Several important issues were discussed.

Olympic Hill, Tahoe Pines, now under the club's management, will see improvement in the Class B and C transition area of the jumps. Oliver and Charles Henrikson will provide the necessary bulldozing.

Preparation and organization for the FWSA sanctioned tournament to be held January 28-29 were begun. This three-way tournament will have Class A, B, C and D jump events, junior and senior cross-country contests and Class A and B in giant slalom.

Host and hostess for the evening were Mr. and Mrs. James Easton. Entertainment was provided by Mrs. F. A. Record who played her accordion with and without accompaniment.

With several vacancies on the board of directors, the club will accept nominations at the meeting on Friday, November 18. Election will be completed the following Friday, November 25. Host and hostess on the 18th will be Oliver Corona and Mrs. Jay Stuart.

Colorado has 1064 peaks exceeding 10,000 feet in elevation.

19.5 Inches of Snow Recorded at Tahoe In Last Week's Storm

TAHOE CITY— The recent snow has proved both an asset and a liability to residents and vacationers in the Lake Tahoe area. At Tahoe City, the snow fall since the 8th has been officially measured as 19.5 inches and has an unusually high water content. Total precipitation on the 8th, .48 inch; on the 9th, 2.27 inch and on the 10th .07 inch. The morning and afternoon of the 11th were bright and clear.

The heavy wet snow on power lines and tree branches was responsible for several power failures and sporadic failure of telephone service locally.

On the brighter side, the snow was enjoyed by ski enthusiasts even though tows are not yet operating locally. The lake level, which had gone down to 6223.62 feet, has risen to 6223.70. Temperatures have remained mild, the low for the past two weeks dropping to 19 degrees during the night of the 10th and the daily maximum not dropping below 32 for the same period.

Roads have been kept open by the state and county snowplows.

Nevada County Workers' Safety Record Is Good

Gallagher, manager of the State Compensation Insurance Fund, has announced that the County of Nevada and its employees established a very good safety record during the year ending February 7, 1949. As a result, the county has reduced its workmen's compensation insurance cost by 49 per cent of the premium. This saving was in the form of a cash dividend amounting to $1931.23.

The problem of finding baby sitters will not be a deterrent this Friday. A nursery room will be available for small children and two mothers will be in charge. Older children may play outside under supervision.

The meeting will start at 2:00 o'clock in the afternoon.

Mono County, organized in 1861, was originally named Esmeralda.

S.P.'s Overland Train Adds 4 New Diners

Four new streamlined dining cars went into service last week on Southern Pacific's "Overland", according to announcement by Fred E. Watson, general passenger agent for the railroad.

Watson said the new cars further add to the progressive streamlining of this heavily traveled transcontinental train. The new diners are 85 feet long and have seats for 48 passengers. They embody such late improvements as dry ice refrigeration and gas ranges. Seats are heavily upholstered with foam rubber and interior decorations are in light pastel colorings.
